

ORANGE COUNTY  
MIGRAINE & HEADACHE CENTER  
Dr. Susan Hutchinson and Dr. Molly Rossknecht

## May 2023 Newsletter

Dear Patient,

Good news: our office repairs from our major water damage in late September are nearly complete and we are moving back in. We hope to be operational in the coming weeks. For those preferring virtual phone visits, those will continue to be available.

Due to some ongoing repair work, we cannot allow anyone to enter the office without an appointment. If you want to convert an existing virtual visit to an in-person, please call and request this. Our office phone number continues to be 949-861-8717.

Since our move-out, the address has changed to 41 Creek Road from 33 Creek Road. We are still in the same building and the same #340 suite number. So, the official address now becomes:

Orange County Migraine & Headache Center  
41 Creek Road, Ste 340  
Irvine, CA 92604

On another note, Dr. Hutchinson is moving into retirement. Dr. Molly Rossknecht, who has been part of our practice for seven years, will take over ownership and management of this practice. Along with this transition, there will be a name change to Orange County Migraine & Wellness Center. This transition will be effective as of July 1, 2023. A letter with more details will be sent to all active patients. We will provide continued updates on our website as to details of this transition. We will do everything we can to make this transition as smooth as possible for all of you.

Orange County Migraine & Headache Center opened in February 2007 with the mission statement of helping those with headache and mood disorders. That mission remains with this transition in ownership. We remain committed to helping you, our patient, with alleviating the burden of migraine and/or mood disorders in your life. Our mission lives on.

Warm regards to all,

Dr. Susan Hutchinson, Dr. Molly Rossknecht, & Staff
